Interest Accrued, Premiums deferred, etc.,	7,133,256 35
	<u>\$147,154,961 20</u>

I have carefully examined the foregoing statement and find the same to be correct.

A. N. WATERHOUSE, Auditor.

From the Surplus above stated a dividend will be apportioned as usual.

The business for 1890 shows increase over that of 1889 as follows:

In Assets,	\$10,753,633 18
In Reserve on Policies and Surplus,	10,554,091 94
In Receipts,	3,859,759 07
In Payment of Policy-holders,	1,772,591 67
In Risks Assumed,	4,611 policies, 9,383,502 21
In Risks in force,	23,745 policies, 72,276,931 32

## PHENOMENAL GROWTH.

### THE GROWTH OF ITS ASSETS.

In 1884 its total assets amounted to	\$103,876,178 51
In 1890 its total assets amounted to	<u>147,154,961 20</u>

A gain of more than \$43,000,000 00

### ITS MARVELOUS INCREASE IN BUSINESS

In 1884 the new risks amounted to	\$ 34,681,420 00
In 1890 the new risks amounted to	<u>160,985,986 00</u>

Gain in 1890 over 1884, \$126,304,566 00

### ANNUAL INCOME NEARLY DOUBLED.

The total income in 1884 was	\$ 19,095,318 41
The total income in 1890 was	<u>34,978,778 69</u>

Gain in 1890 over 1884, \$ 15,883,460 28

### THE TOTAL INSURANCE IN FORCE.

In 1884 the total insurance in force was	\$351,789,285 00
In 1890 the total insurance in force was	<u>638,226,865 00</u>

Gain of insurance in force, \$286,437,580 00

The Mutual Life Insurance Company has more insurance in force upon the lives of citizens of the United States than any other company, thus showing its reputation in its own country.

### OVER THREE HUNDRED MILLIONS PAID TO THE POLICY HOLDERS.

"When is it going to be divided?" asked the ignorant promoters of assessment societies. There is a perpetual "division" taking place; these trust funds are put out at interest and are returned with accumulations as the policies mature or terminate. During the year just ended the Mutual Life Insurance Company paid to its policy-holders from this fund the enormous sum of \$16,973,200.05, the largest amount paid in any one year by any Life Insurance Company in the world. The total sum paid to the insured since the formation of the Mutual Life in 1843 exceeds three hundred millions of dollars, the exact sum being \$304,655,147.17. The mind can scarcely grasp the immensity of this sum of money or realize the immeasurable benefits accomplished by its distribution. It has relieved the wants of the needy, has carried comfort to sorrowing widows and orphans, and has saved from destitution and poverty the hoary head of age.

## INTRODUCTORY.

---

IT IS with no small degree of pride that we present to our patrons this our first volume of the Bloomington and Normal City Directory. That we have succeeded in our aim to make it a work worthy of the name it bears, we will let our patrons be the judge. We believe we have.

The new features we have added to the previous works issued here, are the Street Number Directory, Illustrated Department, and the Indexing, besides two separate maps, City and County.

The real interest of the public generally in reading an Introductory to a directory centers in the paragraph containing the census, telling how many names there are, how many Smiths, Jones, Browns, etc.

The United States Census (official) taken last June, gives Bloomington's population as 20,048. The number of names in this directory, by actual count, is 11,927; deducting 1,340 names belonging to Normal, gives Bloomington 10,587 names which, multiplied by only two, would make the population 21,174. The Directory of 1889 claimed it contained 10,527 names. By counting the names it will be found to contain less than 10,000. The publisher estimated each page to contain thirty-three names which, multiplied by 319 pages of the alphabetical list, makes up his number, which he multiplied by  $2\frac{1}{2}$ , making the population seemingly larger than it was. Out of the twenty-six letters of the alphabet, names commencing with six of them comprise over half the population; viz.: S, 1,253; M, 1,185; B, 1,065; H, 1,013; C, 874, and W, 764; total, 6,154, while all other letters have only 5,773. The Smiths (with Schmidt, etc.) lead with 155, Brown 58, Jones 49, Johnson 110, Miller 78, Mayer, Meyer, Myers, etc., 70; Wilson 68, White 57, Anderson 56, and Williams 53. The Young family monopolize the Ys, there being 37 out of a total of 57. S is the largest letter, while the Q is the smallest. X is entirely missing.

No pains or expense have been spared to make this work as complete as possible, and no city the size of Bloomington can boast of such a fine work. A good Directory is an advertisement for a city, and considering this to be such a work, we will place a copy in every hotel within sixty miles of Bloomington. This will make it especially beneficial to our patrons, who have made it possible for us to issue such a work.

We shall continue the publication of the Bloomington and Normal City Directory, having demonstrated the fact that it can be done as well by "home talent" (and better) than foreign.

Thanking the public for their patronage, and hoping for a continuance of same, we remain

Very truly,

PANTAGRAPH PRINTING AND STATIONERY CO.,

# THE VALUE OF A NEWSPAPER

## AS AN ADVERTISING MEDIUM

Depends upon the extent of its circulation, and the thoroughness with which it covers its prescribed territory. Every advertiser has a right to know, and should know, what he receives for his money, the exact circulation of the newspaper.

# • THE PANTAGRAPH •

## IS HONEST WITH ITS ADVERTISERS.

It is the only paper in Bloomington that swears to its circulation, and it invites its advertisers to visit its counting rooms and press rooms and verify the statements it makes regarding its circulation.

## THE DAILY PANTAGRAPH

### • HAS A SWORN CIRCULATION OF 5,000 •

Circulates throughout Bloomington and Normal, and is delivered by carriers in more than ONE HUNDRED CENTRAL ILLINOIS TOWNS.

## THE WEEKLY PANTAGRAPH

### • HAS A SWORN CIRCULATION OF 5,200 •

And it is taken by farmers and stockmen throughout the twelve counties of Central Illinois. *The Pantagraph* is one of the oldest papers in Illinois, and it is appreciated by the people of Central Illinois as an enterprising and able family newspaper.

## THE GROWTH OF THE PANTAGRAPH

Has made it necessary to procure a fast rotary motion press, and this paper is one of the few newspapers in cities the size of Bloomington in the United States that requires a Web Perfecting press, the printing capacity of which is **10,000 Complete Eight Page Papers per hour**. This machine, with stereotyping outfit complete, is the very latest improved Web press—the same as is employed in newspaper offices in metropolitan cities.

## THE SUBSCRIPTION PRICE

Of the Daily Pantagraph is 10 cts. a week, and the Weekly \$1.50 a year, sent to any address, postage prepaid. The rates of advertising, which are low, when the extent of the circulation of the Pantagraph is considered, are furnished on application at the office.
